Polish team plays local Comets Friday

St. Albert and district hockey fans will be in for some excellent action Friday night when the highly touted Polish National team will take to the ice against the Jasper Auto Parts Comets. Game time is scheduled for 8 p.m. and ticket holders are asked to be there early for good seats. Due to the small seating capacity some fans will have to stand along the south wall.

The touring Polish team is a all-star team comprised of some 23 players from 10 clubs, who play first division hockey in the Communist country. The team is on the youthful side with 12 players under 23.

Their most experienced forward is a 26 year old right winger, Walesty Zietara from the "Padhole" club. Zietara was once judged the best forward in the European junior championship.

He has appeared in 80 international games and is their top goal producer with 38 goals.

The "Poles" have just completed a three-team Christmas tournament in Alberta during the holidays and came up with a 4-1 tie with the U of Calgary Dynamos and a come from behind 7-3 draw against the U of A Golden Bears last Sunday in Varsity Arena.

Coach Anatoli Jegerson, a former assistant to the Russian national team was most pleased with his team's performance against the two University clubs as their main object is to learn the Canadian way of hockey. They didn't come to win, lose or tie, but rather to learn.

Comet goaltenders will have their hands full against the sharp shooting Polish forwards who have excellent

hard shots low to the corners. In close, they put the puck high when it should be.

Comet coach Gary Checknita had his squad go through a hard two hour practice Tuesday afternoon in preparation for Friday's game. All of the Comets are in good shape with the exception of forward Harvey Kirkland who is still bothered by a pulled leg muscle. Comets will go with four lines and eight defencemen in hopes of matching the Poles' excellent skating team.

Games group works at Percy Page Centre

A development group to work on aspects of the 1973 British Commonwealth Games has been established at the Percy Page Centre for Recreation Associations in St. Albert.

The group of six, headed by Art Burgess of Edmonton, is being funded by the Provincial Government's Department of Culture, Youth and Recreation until next May.

Culture, Youth and Recreation Minister H. C. Schmidt said that this support for the Commonwealth Games was an example of the government's policy for the development of sport in Alberta, and a demonstration of enthusiasm for the games.

"The sports represented in the games need this kind of support," he said. "They're sports for the individual - like wrestling and track

and field, and practice opportunities aren't so readily available."

There are 10 sports on the games timetable and the group will devise programs and plans for these sports, as well as work with sports associations to identify Alberta athletes and coaches able to take part in the games.

"What we'll be doing," said Art Burgess, "is helping the sports associations of Alberta with their long range plans, to look realistically to the future."

Sports operations at the games are the responsibility of Jeff Elliot, a physical education professor at the University of Alberta. He will be directing the work of the group.

Senior citizens compiling list to support lodge

The St. Albert Senior Citizens Club is compiling a list of names of persons who would like the Provincial Government to build a lodge for older citizens in St. Albert.

Seniors are under no obligation whatever to register for residency in such a lodge. Rather what is wanted is the general opinion of the senior men and women in the town and district.

Those interested are invited to telephone President Lily Szuba at 459-8809.

The Paul Kane school choir - something new this year for the high school, combines the singing ability of teachers and students, under the direction of Mr. Hebert. They are seen performing at the Christmas program held December 21st at the school.

Students and teachers enjoy Paul Kane Party

Shortly after noon, classes were dismissed and the celebration began. First was a presentation by the French 30 class. The skit in English, portrayed in pantomime by the students, modelled the teachers' peculiar habits. The play was accompanied by the poetic narration of Fay Strawson. While the teachers squirmed, the students roared with laughter. In conclusion, a Christmas carol was sung, "Oen francais."

Next was an excellent program by the new Music 10 class. Guitars and the instructor's, Mr. Hebert's, banjo accompanied the talented singers, and groups of singers.

To keep the production professional, commercials followed which gave a sales boost to two well known candies. This was appropriately presented by the Merchandising 30 class.

The Paul Kane School Choir, comprised of students and teachers, under the direction of Mr. Hebert, accompanied by Shirley Lettis, is another first for the school. They sang familiar carols for the receptive audience.

Two teachers, Mr. Morak and Mr. Gamble, gave a hilarious rendition of "A Teacher's Dilemma." The rest of the teachers formed a choir: "The New Morality Singers." While the quality of singing was excellent, the words of familiar Christmas songs were altered to depict the viewpoints of the teachers in their classrooms. Mr. Hayworth startled the audience with his unusual costume and male soprano voice. Undoubtedly the students will hear more from this group!

The remainder of the afternoon was a dance, a rare treat for the students and teachers alike, as the Student's Union obtained the services of the renowned group: "The Privilege" for the music.

A standing ovation for the spontaneous dancing demonstration by Mrs. Rupesh and Mr. Sles, highlighted the dance. This is just an example of the holiday spirit that prevailed at Paul Kane as school closed for the Christmas Holidays.

Staging a play for children during the Christmas holidays took a great deal of time and effort by a relatively few adults. The settings, props, lighting and costumes were all well worked out and in terms of experience for the young cast, the oldest of whom was 16. It was a marvelous experience. The youngsters who saw it also loved "Once Upon a Clothesline". Greg Upright and Teddy Dykstra as First Bird and Second Bird, talk over the strange goings on on the clothesline in very proper English accents, from the safety of their nest in a tree nearby.

Community band draws large crowd

When over 300 people turned up at Sir George Simpson School for the Community Band Concert on Dec. 18, it caused a little scrambling since chairs for only 120 had been set out. The situation was quickly rectified and the large turnout enjoyed the fine program presented.

The concert opened with numbers by the Junior Lions Band and the Father Jan Junior High School bands performing together under the

direction of conductor Peter Holt.

Selections by the Senior Lions Band were conducted by Jim Humphries and variety was added by the appearance of the Lions Majorettes and the small Oompa Band, with German beer garten polkas and similar fun music.

The Lions Junior Band and the Father Jan Band are presently planning an exchange band trip with Lethbridge in February.

The Senior Lions Band seen performing under director Jim Humphries at the community band concert held Dec. 18 at Sir George Simpson school, which attracted a large turnout of local residents.

John Phillips entertained the group on his guitar, as part of the program. Mr. Gowler as Santa Claus, with glorious snowy beard, was another very popular

visitor. The kindergarten's two morning classes held their party in the Parish Hall with a similar program

Students at Lorne Akins enjoy work and play

Each year the students at Lorne Akins Junior High School do something extra in aid of the Kinette Christmas Hamper project, over and above the White Gift program which all the schools support.

On the last day of school the Student's Union rented and showed a film during the morning, and took a silver collection. During the showing they sold popcorn and pop, and in all gathered \$125 for the hamper fund.

In the afternoon the Southbound Freeway were engaged for a dance and everybody had a ball to wind up the first school term.

Mr. Gerry Buccini, a Student Union Advisor, said the students at the school are also involved in a major project to adopt an overseas

needy child, which will cost them about \$200 a year, and they hope to have this project near completion for 1974, by Easter.

About a hundred local youngsters and their parents were royally entertained at the St. Albert Public Library the Saturday before Christmas by a class from the local Arts and Crafts Guild who mounted several holiday puppet plays as part of their fall class. The 15 children involved in the show made all the puppets, wrote the stories and created the necessary props and scenery for the production. With the addition of lights, music, and the holiday spirit the show came off most successfully.

"A TIME FOR BASIC CHOICES"

In addressing the Annual General Meeting of the Bank of Montreal, Mr. Arnold Hart, Chairman and Chief Executive Officer chose to speak on inflation. "In so doing," he said, "I recognize other matters of wide public concern, such as the energy situation with all its ramifications. I still consider inflation to be one of the most serious, and certainly one of the most difficult, of the underlying problems we have to solve." Mr. Hart felt that nothing would be accomplished by placing the blame on any particular group, and said we are all at fault as a result of society as a whole trying to wring more out of the economy that it is capable of producing. Referring to the recently published Review by The Economic Council of Canada, he said that "in essence the Council is saying that, unless there is a sharp cutback on social programs at all levels of government, even though for desirable purposes, the continued growth of transfer payments will necessitate a very substantial increase in taxes. 'This in turn will cause further distortions in the economy and stimulate inflation.'"

In the circumstances, said Mr. Hart, government has the primary responsibility not only for ensuring that total demands on the economy do not become excessive but also for making the electorate aware that there is no completely painless way of achieving income transfers or other socially oriented policies. Until government -- and by government I do not mean simply the government of the day but rather the whole governmental apparatus, including both the opposition parties in the House and the members of provincial legislatures -- accepts this dual responsibility and discharges it properly we will not be able to find a cure for the inflationary disease that afflicts us. There really are some basic choices to be made. Is it not time for these issues to be debated fully by our elected representatives?, he concluded.

Tourism fastest growing of world's industries

International tourism has become the world's fastest-growing industry over the past 20 years, according to the current Commercial Letter of Canadian Imperial Bank of Commerce.

During that period, annual international tourist arrivals from all countries have grown from 25 million to almost 200 million (about 10 per cent a year average growth) and foreign exchange earnings from tourism rose from \$2.1 billion to some \$24 billion (about 11 per cent a year average increase).

The main reasons: Rising disposable incomes and wider income distribution; increasing leisure time; higher educational levels in tourist generating countries; the advent of jet liners; "package" tours and declining cost of travel.

Many developing countries have encouraged tourism strongly because it is a labour-intensive industry and expenditure by tourists flows quickly through the country, generating further expenditure and creating investment and employment opportunities where none might have existed before.

The importance of tourism in many national economies is now recognized by active participation in tourist development by governments.

Canada is both one of the world's leading travel destinations and tourist generating countries. In 1972, receipts from international

travel amounted to \$1,226 million or almost 28 per cent of total service receipts in the balance of payments. However, Canadian payments on the travel account amounted to \$1,456 million in 1972, resulting in a deficit of \$230 million. The estimated 9.8 million Canadian tourists who visited the United States accounted for more than 70 per cent of U.S. foreign visitors and added more than \$900 million to the U.S. economy, the Commercial Letter says.

In 1972, more than 95 per cent of Canada's foreign tourists were from the United States. The estimated 14.6 million Americans who stayed on or more nights in Canada generated more than \$1 billion in receipts, Canada thus received about 20 per cent or the greatest percentage of United States travel payments in foreign countries. Overseas visitors to Canada in 1972 numbered 635,000 and they spent about \$204 million. Visitors from the United Kingdom accounted for about 40 per cent of the total and a further 14 per cent came from Germany. There was also substantial influx from France, the Netherlands, Japan and Italy.

Comets split pair - Laplante looking good

Jasper Auto Parts Comets split their two league games last week, losing 4-0 to Sherwood Park Barons Friday night, and winning 9-2 over Stony Plain Eagles Tuesday.

In Sherwood Park the Comets ran into some hot goaltending by Baron netminder Lionel Jones and came up empty handed. Comets played fine for two periods, having many excellent chances only to have Jones shut the door. Jones also had help from the goal posts as no less than four shots hit them.

Barons scored two power play goals in the first period, both by Bob Buttars. Buttars scored his third of the night early in the final

period while Glen Austring added the final marker. Comets fell apart in the final 20 minutes and couldn't get anything going. They took 8 of 10 penalties, many of which were questionable. Both coaches admitted after the game that the refereeing was lousy.

Their win over Stony came on two goal effort by Paul St. Cyr and singles to Wally Monson, Phil McCargar, Gary Checknita, Dale Ripple Doug Bell, Gary McCooye and Al Laplante.

Laplante also had three helpers and appears to be getting into shape. When he gets going there are few players in the league that can top him.

AL LAPLANTE

Last Sunday the Comets played Westlock Eagles in an exhibition game in St. Albert and came out on top 11-5. The game was to help Comets prepare for their exhibition match with the Polish National team Friday night in St. Albert. Comets took an opening period 5-1 lead and never looked back as they added four more in the second, Eagles outscored the Comets 3-2 in the final 20 minutes.

Gary McCooye, Gary Leskow and Rich Perrault had a pair each while Andre Constant, Al Laplante, Gary Checknita, Harvey Kirkland and Hans Gors added singles

and four in each of the remaining two periods. Jeff Holden, Doug McKenzie and Don Keith chipped in with a pair each while single goals went to Scott Ballantine, Gay Hill, Mike Davids and Terry Kleser.

St. Albert's leading scorer Matt Lister will be out of action for a few games with an elbow injury suffered in practice.

Friday's game against Namas scheduled for St. Albert has been postponed due to the Comet-Polish National game the same evening in St. Albert.

Juveniles undefeated after holiday action

St. Albert's Juveniles double B team continued their winning ways over the festive season with a close 6-4 win over Stony Plain Sunday Dec. 23 and a 13-0 shutout over Westlock last Friday.

David Orice scored a pair in the 6-4 win over Stony with the others going to Mike Davids, Ian Langridge, Don Keith and Jeff Holden. Kris Nickerson had a strong game in goal for St. Albert.

Friday's game saw Claude Regimbald getting a hat trick in St. Albert's 13-0 thumping over Westlock. St. Albert scored five first period goals

losing 4-2, Glen Hall's squad built up a 4-0 lead after two periods of play on goals by Miles McGinnis, Graham McDonald, Darrell McDonald and Pat Hall. Bruins managed to find the range in the final period on goals by Jay Little and Tim O'Neill but couldn't force a tie. Only four penalties were called in the fast skating game, two to each side.

Bruins next league game is January 6 in Stony Plain, and on Tuesday, January 8 Stony Plain will be back in St. Albert.

Friday's game saw Claude Regimbald getting a hat trick in St. Albert's 13-0 thumping over Westlock. St. Albert scored five first period goals

Sturgeon Valley Hockey Action

After eight league games for all teams except Calahoo and Villeneuve, top spot in the Sturgeon Valley Senior Hockey League is held by Namas with fifth place Calahoo only two points behind.

Legal, Bon Accord and Morinville all share second with 11 points each.

Villeneuve and Gibbons have four points each while Alexander are winless in six starts. They have also defeated their last two games.

Last year's champs, Calahoo Scorpions have only lost two games but both have been to Legal who seem to have their number. Legal came from behind in both games to win. Red Pelletier and Laurent Coulombe scored third period goals in their 2-1 win in the first contest.

Last Sunday Legal jumped into a 3-1 first period lead but found themselves behind 5-4 after 40 minutes of play. Legal dominated the final period scoring four unanswered goals.

Laurent Coulombe and Bert St. Martin led the winners with a pair each. Jake Constant had two for Calahoo.

In Morinville, Randy Labelle, Richard Wright and Norm Bohl scored a pair each to lead Morinville to a 11-3 win over Villeneuve.

Standings include Dec. 30 games. Alexander failed to show for their last two games against Morinville, Bon Accord and Morinville and Bon Accord and defeated both games by 1-0 scores.

Walenty Zietara, 25 year old forward on the Polish National team will have to be closely checked if the Jasper Auto Parts Comets want to keep him off the scoresheet Friday night. Zietara, has played over 80 international games and is their leading scorer with 33 goals.

McAvoy leads Bruins with 4

Kelly McAvoy, in his second year of junior hockey with the St. Albert Bruins, scored four goals as the Bruins came from behind for a 4-3 win over Leduc Friday, Dec. 21.

Leduc scored three in the opening period for a three goal lead before McAvoy started his scoring spree. His first goal came at 5:01 of the second on a power play with Don Bassnett sitting out a hooking infraction.

Leduc's Scott McLeod went off for high-sticking at 14:54 and McAvoy scored his second power play goal at 16:47. Hard working forward Alex Jensen drew assists on both goals. McAvoy struck again with his third power play goal at 7:51 of the third period to tie the score three all. With just 57 seconds remaining in the game McAvoy added his fourth of the night, unassisted in his best scoring game in a Bruin uniform.

On December 23 they travelled to Stony Plain and ran into a red hot Flyer team

losing 4-2, Glen Hall's squad built up a 4-0 lead after two periods of play on goals by Miles McGinnis, Graham McDonald, Darrell McDonald and Pat Hall. Bruins managed to find the range in the final period on goals by Jay Little and Tim O'Neill but couldn't force a tie. Only four penalties were called in the fast skating game, two to each side.

Bruins next league game is January 6 in Stony Plain, and on Tuesday, January 8 Stony Plain will be back in St. Albert.

Fire Chiefs back on winning track

St. Albert Fire Chiefs were having their problems a couple of weeks back, but the Christmas season has been good to them.

Chiefs, St. Albert's bantam representatives, picked up five straight wins in the past 10 days, two in league play and three in exhibition action.

The league wins came 2-1 over Westlock, in a game played here in which the Westlock coach packed up his team and went home with only eight minutes gone in the first period, and 15-0 over Ardrossan.

The exhibition wins came over Explorers AA from the city 3-1; Wetaskiwin 10-5 in Wetaskiwin; and 10-4 over a combination of the Hiawathas and Broncos from the local midget house league.

Chiefs now have won six games and lost two in the Northern Alberta Minor Hockey League and have seven wins, one loss and a tie in exhibition play.

Donald Oullette and Gilbert Longpre scored in the short game against Westlock. Westlock coach Ed Heather pulled his team because he didn't like the refereeing. Westlock at the time had picked up four of five penalties called by referee Fred Calkins and Bob Wallis.

Ronnie Sander, the team's leading scorer with 26 goals and 20 assists, and Graham Brown, right behind him with 17 goals and 24 assists, had big nights against Ardrossan. Sander had two goals and four assists and Brown four goals and three assists.

Larry Sander, Oullette,

Kenny Young and Blake Millroy each got two goals and Kenny Strand got one. Kevin Jennings went all the way in goal for the shutout.

Ronnie Sander, with two, and Joe Tworek handled Chiefs scoring against Explorers, one of the harder-hitting teams they have come up against this year.

Ronnie Sander got three goals to lead Chiefs against the midget combination. Dave Shipanoff and Oullette got two each and Ken Young, Sully Millroy and Blake Millroy got the others.

Kevin Ledgerwood, with two, Mike Neese and Kelly Hancock scored for the midgets.

Linemates Larry Sander and Blake Millroy found things to their liking in Wetaskiwin. Sander got three

goals and an assist (he also hit three goal posts) and Millroy had two goals and assisted on all of Sander's counters.

Ronnie Sander, with two, Shipanoff, Brown and Young rounded out Chiefs' scoring.

Young, brought up from the Seals of the bantam A house league as Chiefs were shorthanded, scored four goals and assisted on four others while playing left wing on Chiefs' front line for three games.

Mr. Ted Roberts from the Delta B.C. spent the holidays with nephew Art McCormack, Mrs. and family of St. Albert.

Barons strike gold in Kamloops

Bob Puech's Peewee "A" team won three games of four played against four different Kamloops teams over the New Year's weekend.

Accompanied by Ben Tooth and Jim Gray, manager, the 12 boys put on a fantastic showing for the small crowds.

All games were played at indoor arenas since outdoor ice is near non-existent in the valley.

Scores of 7-3, 7-4, 2-3 and 8-6 respectively, made up the four games. Robbie Tooth pulled a hat trick and two assists in the first game.

Tim Shipanoff lead the pace in the second game when the Barons were down 2-0,

with a goal late in the first period. The Barons never looked back and went on to win 7-4. The third game,

played in Brookhurst Arena was delayed slightly while a fervent attempt finally released the Kamloops team from their dressing room.

The lock had jammed and the St. Albert cat burglar was called to unlock the door with his key - a credit card.

Goals by Chris Stewart and Neil Kathol failed to spark the Barons and the games ended at a 3-2 loss.

The final game was played on Monday, the 31st, at the Valleyview Arena. The St. Albert Barons trailed by a

score of 4-1 at the end of the second period. Outplayed in every phase for two periods of stop-time hockey, drastic strategy was needed.

With the coaches in the lobby drinking coffee, the 12 purple and gold men formulated the plan -- skate hard, pass the puck, and use the triangle -- the three ingredients Bob Puech had been drilling. It paid off in a royalty of an 8-6 win.

Seven goals were scored in the third period. A hat trick and two assists by Mitchell Gray, spurred the wild, exciting ending. Even a penalty shot on the cool headed Michael Puech failed to alter the

6-6 score with three minutes to the final whistle. Two fast goals in the dying minutes of the game locked in an 8-6 win.

Outstanding team effort and on the move changes for three players proved it can be done.

A tour of a local pulp mill, swimming in an indoor pool and a two-hour shopping trip took up most free time.

Eating, pillow fights and relay races in the hotel halls filled up the remainder. Many thanks to Bob Puech for a well organized fun trip and to all the parents for their support.

Local girls do well at Christmas bonspiel

Three teams from the St. Albert Girls Curling Club played in the Girls Christmas Bonspiel and all made it to the finals with St. Albert winning top honours in the Intermediate Event and the Novice Event.

In the Intermediate final, Nancy Glaister, with Cindy Oakes, Cindy Cairns and Heather Sturgess made a great comeback after being down 7-2 after five ends in an eight-end game, to defeat Donna Sigurdson's Ottewell foursome 9-7. Donna was last year's zone winner in girls curling.

Joanne Bremault, Christine Hoosier, Linda Bay and Leanne Mills easily took out Janice Otto of the Balmoral Club in the final of the Novice event, winning by a 13-6 margin.

The third St. Albert entry, Laurie McGregor, Grace Peterson, Brenda Jwasko and Jackie Anderson lost in the Novice C finals to Cheryl Levine's foursome from the Hillcrest Club.

The St. Albert Girls Curling Club did not enter in the Senior event but there was a rink entered from Paul Kane High.

The annual bonspiel was held this year at the Balmoral Curling Club, who hosted all the curlers at a noon banquet on Friday, Dec. 27 with entertainment. Forty-seven rinks entered from throughout northern Alberta, includ-

ing Athabasca, Bon Accord, Sedgewick and Lacombe. Finals were played Dec. 28 at 1:30 p.m.

Sally Oakes, who co-ordinates the local girls curling for the Ladies Club, was delighted with the teams performances in the 'spiel, and is hoping to have an entry for the zone playdowns, scheduled Feb. 1st, 2 and 3 at the Sportex.

Library to open Sundays

The Board of the St. Albert Public Library have approved Sunday openings for the library effective Jan. 6th. Each Sunday from then until Easter the library will be open from noon to 4 p.m. on Sundays. This means that the library will increase its hours of service to 66 hours a week on a seven day basis. The Board feels this is a remarkable increase in a short time and indicates the growing demand on the library's resources. This demand is reflected in the library's book collection,

which now exceeds 25,000 volumes, and the amount and level of use. Circulation this year will exceed 100,000. With the Sunday opening it is hoped that more people will be able to use the library at their convenience. The library is open:

Monday to Friday 10 a.m. to 9 p.m., Saturday 10 a.m. to 5 p.m., Sunday 12 noon to 4 p.m.

Books on movies abound at library

At this time of year when there are so many new movies being released for the holiday season it might be interesting to turn to some of the flood of new books about movies for guidance in selecting a good film or just for the appeal of reading about the silver screen. There are a number of books of collected reviews by well known movie critics. One of the newest is from one of the best critics, Pauline Ka-

el's Deeper Into Movies. This volume, of collected reviews, her third, contains her reflections on recent films like The Godfather, Cabaret, and Fiddler on the Roof. Other reviewers have published their thoughts on the current cinema, Rex Reed in Big Screen, Little Screen (in which he takes on television as well), and Andrew Sarris in Hollywood Voices. Film is an annual compilation of controversial

opinions on the year's most controversial films. Directors make suitable subjects for critical studies and recent books have treated Hitchcock, Kubrick and Wyler. Or if you prefer, you can read the movie, as more and more scripts are published. A Night at the Opera, North

by Northwest, Singing in the Rain, Sunday Bloody Sunday, and Jesus Christ Superstar are all available at the library. With more and more recent movies appearing on television these books and many more at the library can help you enjoy the best in cinema at home as well as in the theatre.

Youville residents enjoy holiday

Invited by the Youville Auxiliary, Santa paid his annual Christmas visit to the Youville Home on Saturday, December 15.

The genial "papa Noel" - (none other than our own Ed Savole) was very busy, visiting every resident, distributing a gift to each, along with a hearty handshake, cheery greetings and to all the ladies . . . even a kiss!

Accompanied by members of the Auxiliary, singing Christmas carols both in English and in French, Santa completed his rounds. He then joined the ladies for a

delicious lunch, prepared by the kind Sisters of the Home. The tables were beautifully decorated and everywhere a festive air reigned.

The Auxiliary offers their thanks to Santa for his excellent work, and to the Sisters who did so much to make the occasion such a happy one.

Himschoots celebrate Golden Wedding

Family, close friends, and neighbors gathered at the home of Mr. and Mrs. Theophile Himschoot of Morinville on Dec. 27 to honor the couple on the occasion of their 50th wedding anniversary.

Theophile Himschoot came to Canada from Eclou, Belgium in 1912. He worked in the Cardiff coal mines for some 10 years before taking up farming in the Morinville district where he continued to farm until his retirement in 1963. Germaine Himschoot, (nee Salgo) came to Canada with her family in 1914 settling in the Villeneuve district. On Dec. 27, 1923 the couple were married in St. Peter's Roman Catholic Church in Villeneuve and settled down to life on the farm, where they still reside and remain active in

the community.

The Himschoots have two sons, Armand of Ashmont, and Octave of Morinville, plus 12 grandchildren and five great-grandchildren. All the family but three grandchildren were in attendance for the celebration.

Centering the head table for the buffet-style banquet was a beautiful two-tiered cake very appropriately decorated. A bouquet of roses and one of chrysanthemums also decorated the table. A corsage and boutonniere of baby roses were presented to the honoured couple along with many gifts. Two unique gifts were a pair of golden anniversary cups, and a plaque with a cross and the number 50 in gold.

During the afternoon a congratulatory telegram was received from Mrs. Mar-

garet Taylor (nee Vervynck) of Revelstoke, B.C., and formerly of Morinville. Arnold Himschoot, a grandson, phoned from Quebec since he was unable to be in attendance. Two other grandchildren were not able to be present; Diane Boyer, Toronto, and Vivian Rivieau, Vilna, Mr. and Mrs. John Krogmann of Iowa, USA, sent special congratulations.

Part of the family's anniversary celebration was the taking of family pictures, a special one being a four-generation photo with Theophile Himschoot, son Armand, grandson Garry, and great-grandson Kevin.

The community offers congratulations to Theophile and Germaine Himschoot on this memorable occasion, and trusts that they will be part of our community for many years to come.

Four generations of Himschoots on the occasion of the elder Himschoot's 50th Anniversary. Left to right Theophile Himschoot, grandson Garry Himschoot, great-grandson Kevin Himschoot (two months), all of Morinville, and son Armand Himschoot of Ashmont.

St. Emile's CWL News

The annual meeting of St. Emile's CWL was held on Dec. 14 at the recreation centre.

Letters were read from the provincial and diocesan presidents on the Alberta Provincial Convention and the sponsorship of a CUSC volunteer in Lake Malawi on Likoma Island, which proved very interesting.

A letter written in memory of Marlene Sabourin, past president of Vimy CWL was also read.

A welcome wagon and helping a needed family was left on the table of discussion.

The Holy Christmas season is an appropriate time to make every effort to save the lives of unborn babies and our usual tremendous cooperation is anticipated.

Accordingly it would be appreciated very much by the CWL if the following action could be taken immediately. Write a letter to Mr. P. S. Trudeau, Prime Minister, House of Commons, Ottawa, Ont., Mr. Otto Lang, Minister of Justice, House of Commons, Ottawa, Ont. and

our M.P., House of Commons, Ottawa, Ont. demanding that action be taken immediately to bring in legislation which will give full legal protection to the lives of our unborn children. Even if you have never written a letter before, The CWL feels that the time has come when every one must write now. To

winning at this critical time would be to fail in one's responsibility. No member so stamps needed, as postage is free to House of Commons.

The St. Emile's CWL wishes each of you the peace of Christ and your New Year filled with blessings.

This year's program featured "The Littlest Angel" by Patricia Gray and Other Stories from the vast Celestial Records of Saint Peter, as enacted by the Junior high class and individual presentations from each of the lower grades. A sincere thank you is extended to the staff and students, who worked so hard to prepare the program and to those parents whose skillful hands made the colorful costumes which added so much to the production. We are indeed a fortunate district to still have the privilege of enjoying a Christmas concert - a custom that is regarded as passe by so many in these modern times.

REPORT FROM GIBBONS

Gibbons couple mark 50th anniversary

By Ron Coley

The Gibbons Midget hockey team are one for two so far this season. After beating Meriville 3-2 in Morinville, they travelled to Legal and were thumped 17-1. It is really too bad that these young teams cannot get better officials to referee their hockey games.

It has been noticed that there are many snowmobiles operating on Gibbons streets. As there is a bylaw prohibiting the operation of snowmobiles within the Village limits, operators of snowmobiles within the Village of Gibbons may be fined by RCMP. There is an exception though, down lanes to the nearest exit of the village.

The results of the election for village councillor are now official. Ronald Coley with 40 votes and Ernest Crockett with 35 votes and one spoiled ballot. There was a very poor turnout with only 14.5 per cent of the eligible voters turning out. Many voters did not vote as they did not know either of the candidates running for councillor.

THE HOMEMAKER

By Pat Doerksen,
District Home Economist

Yes, I'm sure everyone asks that same question, particularly at this time of the year. January always seems to be a long, hard, cold month, and more so if you went on a wild spending spree in December.

Still can't believe all that money is gone? Well, maybe is a solution to the problem would be to keep closer track of those dollars. If you don't already keep a record of your expenditures, why not try it? Now is a good time to start. Then at the end of the year you won't be saying "What look at the money we've spent this year! Where has it gone? What do we have

to show for it?" Instead you will be saying "Just look at the money we've spent this year! We spent \$1,000 on food, \$200 to heat the house, \$300 on clothes for the children," or whatever it may be. You will know where it has gone and whether you spent it wisely or unwisely.

Keeping a record of your expenditures not only helps to satisfy you in knowing where you spent your money, but you can evaluate your spending. Maybe there were times when you bought unwisely. We all do this at times it seems, but by keeping track of it we can prevent it happening again. Perhaps by careful planning you can cut down costs. If, at the end of a month, you find your

food cost is unreasonably high, look back over your records and your food buying habits for the month. Did you buy an expensive cut of meat when a less expensive cut would have served the purpose just as well? Could you buy in larger quantities and save here? Are you using a lot of pre-cooked foods when preparing your own would be much more economical?

If you have a record of your spending for one year, it helps in planning for the next year. You know you will need a certain amount of money for the basic necessities. You can then plan accordingly for some of the things you want to get in the future, such as a clothes dryer, to remodel the kitchen, or whatever your goal may be.

There are a number of ways of keeping records and different record books which can be used. Most of the banks have some kind of record book which can be obtained on request, as well as information on managing your money.

If you are a farm homemaker, keeping household records, should accompany records of farm expenditures. A Prairie Provinces Farm Account Book, or the Alberta Farm Account Book are available from the District Agriculturist's office for \$3.00. In these books, there is a special section for household and personal expenses. If you are a non-farm homemaker, we have available at our office a "Household and Personal Expenses Record Book" free of charge. It includes instructions for using, and space to fill in expenditures for each month under the appropriate heading - whether it be household operation, car, furniture, or education.

There are, in every income group, people who are short of money and people who save money. Those who save money are usually those who budget their money with care and plan for their needs and goals, whatever they may be. Why don't you try it in 74?

Brucellosis situation in Alberta

(re-issued from

Wally Klatt's office)
Federal and provincial agricultural officials are keeping a sharp eye on the current brucellosis situation in Alberta.

Dr. H. N. Vance, director of the provincial Veterinary Services Division, reports that there are 16 cattle herds under quarantine for brucellosis in Alberta at the present time, and that eight of these have persistent infection. He says that nine selected fetuses examined at the veterinary laboratory last spring were found to contain brucellosis organisms. These nine fetuses came from eight herds. During the three years prior to last spring, no brucellosis organisms were found in any of the aborted fetuses submitted to the laboratory for examination.

To prevent the spread of brucellosis, the federal Health of Animals Branch staff are attempting to test all female cattle sold at auction markets, except

those intended for slaughter

Dr. Vance advises cattlemen to have all additions to their herds tested. Ideally, they should be tested, and the results obtained, before the cattle are taken on to the new premises. In cases where this procedure is not practical, the addition, or additions, should be isolated from the rest of the herd until the test results are known.

While vaccination against brucellosis is no longer compulsory in Alberta, the provincial Department of Agriculture recommends

that cattlemen in those regions of the province where the infection is known to exist seriously consider vaccinating their herds. In the north of the province infected herds have been diagnosed in an area extending from Chauvin north to La Corey and west to Coronado. In the south it comprises the area south and west of Olds.

Since there are both "gross" and "clean" in vaccinating, Dr. Vance suggests that cattlemen in other parts of the province discuss these

with their veterinarian before deciding upon a vaccination program. The brucellosis vaccine can be obtained from any veterinarian and is expected to continue to be available for the foreseeable future.

Dairy Exchange Alberta - Japan

By Robert Perry, Assistant District Agriculturist

An agreement has been concluded between Alberta and Japan to hold an educational exchange program of 10 dairy farmers, four (4) dairy students, and two (2) dairy instructors.

These people would exchange with a like number from Japan, on a program

of six months to one year in duration, to start at the end of March, 1974.

A number of host families are required in Alberta to host the Japanese candidates who would be arriving here at approximately the same time.

If any dairy farmers in Sturgeon are interested in participating either as a can-

THE HOMEMAKER

By Pat Prymak
District Home Economist

Did you receive a blender for Christmas? It is one gift that may, or may not

be used in its full potential. I hope yours is one that will see lots of service and thus become a valuable part of the kitchen, not just a dust collector.

First of all, read the instruction book carefully. This should provide much valuable information. See if you can answer these questions after reading it, if not check with your dealer:

1. How full can the container be filled?
2. How large should pieces of food be when put in the blender?
3. Can it handle ice cubes? If so what is the correct method of adding them?
4. What parts can be immersed in water?
5. Can a blender satisfactorily beat egg whites for meringues?

Your instruction book may also contain some recipes, and you will doubtless try milkshakes and holiday beverages. Appliances can be made in minutes. For pie crusts, Graham crackers, chocolate wafers or hard

crisp cookies a good way to use up stale shortbread can be crumbled in minutes. Lumpy sauces or gravies can be smoothed in no time. A couple of tips:

In grating cheese with a high oil content, a few chunks of fresh bread added to the container will absorb the oil and keep the cheese free flowing. It will not affect any recipe you are making, which calls for grated cheese (e.g. Cheddar and Swiss).

In grating chocolate, which contains a high ratio of cocoa butter, the grated chocolate will pack against the sides of the container. Loosen the grated chocolate with a rubber spatula.

Prepare baby foods from table vegetables (by adding vegetable liquid, milk or water) or fruits (by adding fruit juice).

An excellent booklet entitled "Give it a Whirl!" containing varied recipes is available by writing to: Home Service Department, Calgary Power Ltd., Box 1930, Calgary, Alta.

Unharvested grain

By Wally Klatt,
District Agriculturist

The deadline for application under the "Unharvested Grain Policy" has been extended one month to February 1st, 1974.

ers are almost tangerine color, and they stay on the branches for a good part of the summer. The Exhibition Boulevard Elm has very strong branches, lush evergreen ornamental section, a cedar called Carson Col-sunmar has done very well at the centre during the last five years.

Mr. Casement says that all shrub and tree varieties that pass their test are recommended to commercial nurseries in Alberta and listed in the "Alberta Horticultural Guide." However, because of the time required for propagation, it is of ten two or more years before a recommended variety is available to the public. The "Guide" is available from your D.A. office.

Ornamental shrubs on test at Brooks

(re-issued from the D.A.'s office)

The prairie regional trials for woody ornamentals being carried out at the Alberta Horticultural Research Centre at Brooks are designed to test the suitability of tree and shrub varieties for use in prairie home gardens.

According to E. H. Casement, research horticulturist in the ornamentals section, the project was started in 1959 in co-operation with the Federal Research Station in Morton, Manitoba. Although most of the trees and shrubs came from Morton, a small quantity are obtained from commercial nurseries in Alberta and the other western provinces.

At the present time, there are approximately 240 trees and shrub varieties on test

at the centre. During their five-year trial period they are evaluated for winter hardiness, foliage color, presence or absence of flowers, flower color, profusion of blossoms, flower size, winter bark color, fruiting habits and so on. Mr. Casement says, Many ornamental trees and shrubs have very attractive fruit which stays on the branches all winter.

Of the 75 trees and shrubs that finished their five-year testing period last year, quite a number were recommended for Alberta. Among them was the Clavies Dwarf rosemary. Since it never grows higher than four feet, it is very suitable for most modern home gardens. The Tangerine Potentilla is another very colorful shrub that was recommended. Its flo-
